Office of Emergency Services
Sunnyvale Neighborhoods Actively
Prepare
SNAP

Yes, I am interested in the **Sunnyvale Neighbors Actively Prepare (SNAP)** community emergency response team training program offered by the Sunnyvale Department of Public Safety, Office of Emergency Services.

The **SNAP** training is a 7 week program that offered three times a year Winter, Spring and Fall.

You are invited to attend the SNAP Training and learn how you can prepare yourself, family and neighborhood to survive a major emergency. The Office of Emergency Services conducts a series hands-on classes: Disaster Preparedness, START Triage, Disaster Medical Operations Part I & II, Fire Safety & Suppression, Understanding Terrorism, Utilities & Your Safety, Emergency Communications and Light Search & Rescue that will empower you with skills to address your concerns about disasters and tools to make you self-reliant in the immediate aftermath of a major emergency.

Each request is processed on a first come, first service basis, so please respond as soon as possible. If we cannot accommodate you in our current training cycle, we will add your name to our "waiting list" and notify you of dates of the next series of classes. We appreciate your interest in **SNAP** and look forward to hearing from you soon.

If you have any questions regarding **SNAP**, please call 408-730-7190 or email Cherel Sampson at campson@ci.sunnyvale.ca.us.

Cordially,
SNAP Committee
